## Rice Krispie Treat Nests

### Ingredients

- 3 Tablespoons unsalted butter
- 1 10-ounce bag mini **marshmallows**
- 6 cups Rice Krispies
- Butter or baking spray, to grease the **muffin tin** and your hands
- 1 8-ounce bag **Mini Cadbury Candy Eggs** (or other candy eggs)

### Instructions

- 1** Grease a **12-cup muffin tin** with butter or baking spray.
- 2** In a large pan over medium heat, melt the butter. Add **marshmallows** and stir until melted and smooth. Turn off heat. Add Rice Krispies and stir until evenly coated.
- 3** Scoop portions of the Rice Krispie mixture into the muffin cups, pressing down a bit as you go. Grease your fingers with butter or baking spray as needed. Press down in the center of each nest to make an indentation for the eggs. Let the nests cool for 15-20 minutes.
- 4** Remove the nests from the **muffin tin**, arrange on a platter and fill with **mini Cadbury eggs!** For easier serving and sharing, you can place each nest in a **paper cupcake liner**. Enjoy!
